

Are you looking to upskill to AUR31120 Certificate III in Heavy Commercial Vehicle Mechanical Technology with blended workplace learning?

Course information

This nationally recognised apprenticeship is intended to prepare qualified Light Vehicle Technicians into the heavy commercial vehicle service and repair sector. Gain hands-on experience in **servicing, diagnostics, and repair** across a wide range of heavy vehicle systems, including **engines, transmissions, drivelines, steering, suspension, brakes, pneumatic and hydraulic systems, fuel injection, and electrical systems**. The learning will be a blend of workplace and classroom.

Features:

- Nationally recognised apprenticeship
- Gain hands-on experience with the latest tools, equipment & vehicles
- Expected time frame 12 to 18 months
- Learn at your own pace in the workplace

Upgrade Course outline:
